#### SONUS NETWORKS REPORTS 2011 THIRD QUARTER RESULTS

**Westford, MA, October 27, 2011** — Sonus Networks, Inc. (Nasdaq: SONS), a market leader in next generation IP-based network solutions, today announced results for the quarter ended September 30, 2011 and provided its outlook for the quarter and year ending December 31, 2011.

#### Third Quarter Highlights

- · Total revenue was \$66.4 million
- · SBC product revenue was \$10.4 million, compared to \$7.7 million in the second quarter of fiscal 2011 and \$3.1 million in the third quarter of fiscal 2010
- · Sonus added eight new customers in the quarter, all of whom purchased SBC products and services

Revenue for the third quarter of fiscal 2011 was \$66.4 million, compared to \$51.8 million in the second quarter of fiscal 2011 and \$42.7 million in the third quarter of fiscal 2010. GAAP net income for the third quarter of fiscal 2011 was \$1.9 million, or \$0.01 per diluted share, compared to a net loss of \$5.9 million, or \$0.02 per share, in the second quarter of 2011 and a net loss of \$22.3 million, or \$0.08 per share, in the third quarter of 2010. Non-GAAP net income for the third quarter of fiscal 2011 was \$4.1 million, or \$0.01 per diluted share, compared to a net loss of \$3.6 million, or \$0.01 per share, for the second quarter of fiscal 2011 and a net loss of \$14.3 million, or \$0.05 per share, for the third quarter of fiscal 2010.

"Sonus is leveraging its rich history as a market leading IP networking company into faster growth areas including the session border controller market," said Ray Dolan, President and Chief Executive Officer. "Solid SBC momentum this quarter with our revenue and new customers are good indicators of the progress we are making. We look forward to reporting on our success in the coming quarters as we continue to reposition our business for higher growth opportunities."

1

#### **Fourth Quarter and Fiscal 2011 Outlook**

The Company's outlook is based on current indications for its business, which may change during the current quarter. A reconciliation of the GAAP to non-GAAP outlook and a statement on the use of non-GAAP financial measures are included at the end of this press release. For the fourth quarter and fiscal 2011, management provides the following outlook:

- · Total company revenue of \$70 million to \$74 million for the fourth quarter and \$255 million to \$259 million for the full year
- · SBC product revenue of \$17 million to \$20 million for the fourth quarter and \$37 million to \$40 million for the full year
- · GAAP gross margins between 62% and 63% for the fourth quarter and between 55% and 56% for the full year
- · Non-GAAP gross margins between 63% and 64% for the fourth quarter and between 56% and 57% for the full year
- · GAAP operating expenses between \$41.5 million and \$43 million for the fourth quarter and between \$158 million and \$159 million for the full year
- Non-GAAP operating expenses between \$39.5 million and \$41 million for the fourth quarter and between \$151 million and \$152 million for the full year
- · GAAP earnings per share between \$0.00 and \$0.02 for the fourth quarter and GAAP loss per share between \$0.04 and \$0.06 for the full year
- · Non-GAAP earnings per share between \$0.01 and \$0.03 for the fourth quarter and non-GAAP loss per share between \$0.01 and \$0.03 for the full year
- · Year-end cash and investments of approximately \$385 million

"While the fundamentals and prospects for our business are improving, this revised fourth quarter financial outlook reflects a more cautious capital spending environment by our customers," said Moe Castonguay, Chief Financial Officer.

#### **Non-GAAP Financial Measures**

Sonus Networks presents its financial statements in accordance with accounting principles generally accepted in the United States ("GAAP"). Many of our investors have requested that we disclose non-GAAP information because it is useful in understanding our ongoing performance and comparing it to our historical results, as our non-GAAP financial measures exclude certain non-cash and one-time charges or benefits. Likewise, we use non-GAAP measures that exclude certain expenses, such as stock-based compensation expense, amortization of intangible assets and restructuring charges, in analyzing and assessing the overall performance of our business, making operating decisions, planning and forecasting future periods, and determining payments under compensation programs. We exclude stock-based compensation expense and amortization of intangible assets because these charges are non-cash in nature. We exclude restructuring charges because they are one-time events. No adjustment to income taxes for non-GAAP items is required, as we were unable to recognize a tax benefit on domestic losses incurred in any of the periods presented. We believe that non-GAAP financial measures, including gross profit, gross margin, operating expenses, net income (loss) and earnings (loss) per share, are useful when evaluating our ongoing operations and comparing them to our historical results, including our liquidity.

Whenever we use a non-GAAP financial measure, we provide a reconciliation of the non-GAAP financial measure to the most closely applicable GAAP financial measure. Investors are encouraged to review the related GAAP financial measures and the reconciliation of these non-GAAP financial measures to their most directly comparable GAAP financial measure.

Our non-GAAP financial measures are not presented in accordance with, nor are they intended to be a substitute for, GAAP financial measures. In addition, our presentations of

3

these measures may not be comparable to similarly titled measures used by other companies. Our non-GAAP financial measures should not be considered alternatives for, or in isolation from, the financial information prepared and presented in accordance with GAAP. Investors are cautioned that there are material limitations associated with the use of non-GAAP financial measures as analytical tools. In particular, many of the adjustments to our GAAP financial measures reflect the exclusion of items that are recurring and will be reflected in our financial results for the foreseeable future.

### SONUS NETWORKS, INC. Reconciliation Between GAAP and Non-GAAP Financial Measures (In thousands, except percentages and perchare amounts)

(In thousands, except percentages and per share amounts) (unaudited)

The tables below include non-GAAP financial measures derived from our Condensed Consolidated Statements of Operations (unaudited). These non-GAAP financial measures of Gross profit, Gross margin, Operating expenses, Net income (loss) and Earnings (loss) per share are not presented in accordance with, nor are they intended to be a substitute for, accounting principles generally accepted in the United States of America ("GAAP"). In addition, our presentations of these measures may not be comparable to similarly titled measures used by other companies. The non-GAAP financial measures described below should not be considered alternatives for, or in isolation from, the financial information prepared and presented in accordance with GAAP.

We use a number of different financial measures, both GAAP and non-GAAP, in analyzing and assessing the overall performance of our business, in making operating decisions, planning and forecasting future periods and determining payments under compensation programs. We consider the use of these non-GAAP financial measures helpful in assessing the core performance of our continuing operations and liquidity, and when planning and forecasting future periods. These items for the periods presented are Stock-based compensation expense, Amortization of intangible assets and Restructuring.

Investors are cautioned that there are material limitations associated with the use of non-GAAP financial measures as an analytical tool. In particular, many of the adjustments to the Company's GAAP financial measures reflect the exclusion of items that are recurring and will be reflected in the Company's financial results for the foreseeable future.

## SONUS NETWORKS, INC. Notes to Reconciliation Between GAAP and Non-GAAP Financial Measures (unaudited)

- A Stock-based compensation is different from other forms of compensation, as it is a non-cash expense. A cash salary or bonus has a fixed and unvarying cash cost. In contrast, the expense associated with the award of an option is generally unrelated to the amount of cash ultimately received by the employee, and the cost to us is based on a stock-based compensation valuation methodology and underlying assumptions that may vary over time. We believe that excluding non-cash stock-based compensation expense from our operating results enables the readers of our financial statements to more accurately compare our operating results to our historical results and to other companies in our industry.
- B On January 15, 2010, we entered into an intellectual property asset purchase and license agreement with Winphoria, Inc. ("Winphoria") and Motorola, Inc. ("Motorola") to purchase certain of Winphoria's software code and related patents and licensed certain other intellectual property from Winphoria and Motorola. The purchase price included an initial payment of \$2.0 million and future potential royalty payments dependent upon future sales of certain of our products that include the Winphoria technology that was purchased or licensed. In connection with this transaction we recorded identifiable intangible assets which we have classified as developed technology and that will be amortized on a straight-line basis over five years, the expected useful life of the technology. The amortization expense for these identifiable intangible assets is included in Amortization of intangible assets.

On April 13, 2007, we completed our acquisition of Zynetix Limited ("Zynetix"), a privately-held designer of innovative Global System for Mobile Communications infrastructure solutions located in the United Kingdom. In connection with this acquisition we recorded intangible assets consisting of customer relationships, intellectual property and a trade name. A portion of the Intellectual property was allocated to the Sonus reporting unit. During the third quarter of fiscal 2008, we committed to a plan to sell Zynetix, and completed the sale transaction on November 26, 2008. The amortization expense for the intellectual property allocated to the Sonus reporting unit is included in Amortization of intangible assets.

We believe that excluding the non-cash amortization of intangible assets facilitates the comparison of our financial results to our historical operating results and to other companies in our industry and provides meaningful information regarding our liquidity.

C We recorded restructuring expense for a headcount reduction initiative related to the closing of our office in Ottawa, Canada, which reduced our workforce by 12 employees. We believe that excluding these restructuring expenses facilitates the comparison of our financial results to our historical operating results and to other companies in our industry and provides meaningful information regarding our liquidity.
