State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

The delay in the filing of the Registrant's report on Form 10-K for the period ended December 31, 2006 is a result of the Registrant's voluntary review of its historical stock option grant practices. At this time, the Registrant has completed its review of historical grant practices and has concluded that the appropriate measurement dates for financial accounting purposes of certain stock option grants differ from the recorded grant dates of those awards. Although the Registrant has not yet completed its evaluation of the accounting impact resulting from the change in measurement dates, the Registrant's Audit Committee, in consultation with Registrant's management and its advisors, has concluded that the Registrant will restate certain historical financial statements to record additional stock-based compensation expense, related tax impacts and the correction of any other previously unrecorded adjustments previously determined to be immaterial. The Registrant has not yet determined the amounts of the adjustments for the periods that will require restatement or the amounts of adjustments that will impact the Registrant's financial statements as of and for the year ended December 31, 2006. Accordingly, the Registrant's December 31, 2006 financial statements cannot yet be completed.
